European Media Art Festival (EMAF)

Terrain 01

An OTHERSPACE Project

Interactive "artificial life"-installation. Due to its dependancy on external light energy it is a non-autonomous world of autonomous kybernetic vehicles.

Idea and Concept: Ulrike Gabriel

Brainwave Light Control: Jens Heise

Sensorics: Bob O'Kane

Trichanics: Siegfried Albrecht

Hardware and software design as well as development of the Brainwave Light Control

emaf 1993

European Media Art Festival, Osnabrück 1993
